

FDA Compliant Pumps

Yamada FDA Compliant Pumps were specifically designed for Food Ingredients, Pharmaceutical & Cosmetic processors where 3A, USDA or EHEDG Standards are not required.

Features:

- 316 stainless steel
- Self priming
- Housings—passivated
- Dry run without damage
- Satin finish
- FDA compliant elastomers
- Portable
- Sanitary clamp fittings
- No mechanical seals, couplings or motors
- Variable flow rates
- Handles a wide variety of fluids with high solids content

Outside accessible non-stalling air valve. Includes a non-centering, spring assisted shuttle, ensuring a positive shift every time.

Applications

- Food Ingredients
- Winery
- Brewery
- Cosmetics
- Pharmaceutical
- Pre Processes
- And many more..

FDA Compliant Pumps
